MEMO to ALL GHFA CLUBS

RE : DUTY of CARE

Gladesville-Hornsby Football Association requests that all Clubs look seriously at the following items which the Association issues as its "Duty of Care" –

1. GLASSES worn on the field of play – No spectacles can be worn in either mini or competition football unless they have plastic lens and frames. The preferred type are the wrap-a-round sports glasses.
2. PLAYING UP – No-one should be playing up more than 2 years above their age group up to and including under 16s.
3. SIDELINE ROPES – All Clubs should make sure that their sideline ropes and poles are not dangerous both to players and spectators. They must be back 3 metres and must give if someone runs into them. Poles must not have sharp edges on them.
4. CORNER POLES – These MUST be a minimum of 5 foot in height.
